## \*Look

There are five looks for avatars: *faerie*, *footballer*, *raccoon*, *shark*, and *wizard*.

## Realm

There are five realms: *Buffalo*, *Camelot*, *The Deep*, *Valhalla*, and *Walmart*.

## Day

Data from the other tables will dictate the *day* values that appear in the database.

## Quest

The gaming house team sets up quests for given days in given realms. These are the quests in “insert” format.

## Visit

These are the visits by *players (accounts)* as *avatars* to specific realms on specific *days* in “insert” format.

## Plays

Players (*accounts*) visiting a given *region* on a given *day* may *play* in a *quest* that is being offered in the *region* on that *day*. When a *player* participates in a *quest*, he or she is assigned a *role*. Here are the instances of such in “insert” format.
